

REACTJS

How did we get involved

A presentation by
Phong Vu

Forget everything we knew
LETS BUILD IT REACT

Following standards
WILL SAVE YOU TIME

Write your own
PLUGINS AND LIBS

Restructure your app
TO THE SMALLEST
COMPONENT

Take control of React's

THE RENDER CHAIN

On browser
CACHE & INDEX

Take advantage of
CONTEXT

LIGHTEN THE SERVER LOAD

let the browser handle the task

Rewrite parts of your code
AGAIN AND AGAIN
